- *Tips for a successful marriage: Don't ask your wife when dinner will be ready while she's mowing the lawn.*
- *Retirement is what happens between doctors' appointments*
- *I went to the doctor with a suspicious-looking mole. He told me they all look that way and I should have left it in the garden.*
- *I ordered a chicken and an egg from Amazon. I'll let you know which comes first.*
- *I was wondering why the baseball kept getting bigger and bigger, and then it hit me.*
- *Trust science. Studies show that if your parents didn't have children there's a high probability you won't either.*
